MISSION STATEMENT

Our mission for the TCDC Performance Line (PL) is to offer professional dance training in many genres of dance to young, aspiring artists. We strive to offer opportunities that will enhance their dance knowledge and training both in competitive and performance based venues. We will work as mentors to our dancers and nurture them in a positive learning environment, while walking through big life moments right alongside them. We believe in the power of kindness, honesty, and teamwork. We are in the business of building not only excellent dancers, but kind, compassionate, excellent humans.

- Choreography and Rehearsals are scheduled with TCDC staff outside of group PL rehearsal times
- 1 hour minimum rehearsal time required per month

Rehearsals will be strictly for learning and rehearsing choreography. As time progresses, the rehearsals each week may be used to practice numerous dances that may need preparation for performances or competitions.

In the beginning of the season dancers will be placed in their technique class(es) based on their audition. Technique classes will focus on dance technique only and not choreography of routines.

THE ROUTINES

Part of a PL dancer's training is the experience they have with performing and competing. It is essential that they practice at the pace of PL training, and then gain the rewards of doing so. Dancers that have experience in performing and competing become well-seasoned dancers. More importantly, it is a vital part of their growth, self-esteem and confidence as a dancer.

Each dancer will be placed in group routines based on auditions.

Choreographers put groups together based on dancers' ability to interpret the choreography, skill level, cohesiveness of each group and Director and/or choreographer artistic vision. Group routines will perform and compete, and will rehearse during the weekly rehearsal time block.

CHOREOGRAPHY

Choreography of routines will begin August, 2024.

Exact times will be announced after auditions. These rehearsals are mandatory. These same routines will be performed throughout the entirety of the season.

Dancers will be required to attend all choreography rehearsals so that choreography and cleaning may progress at a timely rate. Dancers **MUST** be in attendance to learn the routine.

If dancers are not in attendance when choreography takes place, they may be asked to schedule a private lesson for an additional fee to get caught up on what was missed.

Competitive dance, like many other youth activities, is an investment. Before considering TCDC Peeps, please consider the financial commitment involved. TCDC has some of the best, most experienced staff in the area (some would argue the state!) and our fees reflect that superior experience and training.

In addition to monthly tuition, fees including costumes, FLOCK gear, choreography, and competition fees will be broken up into 3 payments in September, November, and January. Exact numbers will be communicated by September 1st.
